☎ +84 98 9002121

ABOUT THE PROGRAM

In the VUCA era and Industry 4.0 environment, organizations must become more agile, efficient, and customer-focused to stay competitive. Lean is not only a set of tools, but a management philosophy that helps organizations eliminate waste, improve flow, develop people, and build a culture of continuous improvement.

This workshop provides participants with a practical understanding of Lean through interactive learning, simulation games, Gemba observation, waste identification, and Kaizen activities. Participants will learn how Lean principles can improve operational performance, strengthen teamwork, and support sustainable organizational transformation.

LEARNING METHODOLOGY

The workshop combines strategic understanding with operational practice, allowing participants not only to learn Lean concepts, but also to experience Lean thinking and behaviors that can be immediately applied within their teams and organizations.

RECOMMENDED PARTICIPANTS

- CEO; COO; CFO
- Plant Managers
- Head of Departments.
- Lean Champion / Continuous Improvement Lead/ IE/ Kaizen
- Key Managers

TRAINING DURATION: 5 DAYS

The program content and implementation approach can be customized to align with the client's operational needs, industry context, and organizational objectives.

OBJECTIVE

- ✓ Understand Lean principles and common misconceptions.
- ✓ Recognize the importance of Lean in Industry 4.0 and the VUCA environment.
- ✓ Identify the 8 wastes (DOWNTIME) in daily operations.
- ✓ Apply GEMBA observation to find improvement opportunities.
- ✓ Understand and practice simple Kaizen activities (single point Kaizen) in production lines.
- ✓ Experience Lean thinking through simulation and teamwork
- ✓ Build quick-win improvement ideas and action plans
- ✓ Develop a continuous improvement mindset and Lean culture awareness

DAY 1

LEAN LEADERSHIP WORKSHOP

Time	Content	Activity	Objective
8:30 – 9:00	Opening	Top management shares expectations	Position this as a strategic initiative, not a typical training session
9:00 – 10:30	Understanding Lean Thinking	Lean Simulation Exercise: Batch vs. Flow	vs. Flow Enable leaders to experience how flow efficiency drives performance beyond workload intensity or activity level
10:30 – 10:45	Break		
10:45 – 12:00	The Need for Change	Leadership group discussion: “What happens if we do not change?”	Build awareness of business urgency and the necessity for organizational transformation
Lunch Break			
13:30 – 14:30	Viewing the Business Through the Value Stream	Facilitated lecture with operational case studies	Shift management perspective from functional silos to end-to-end value stream management
14:30 – 16:00	Understanding Current Processes	Value Stream Mapping (VSM)	Visualize the end-to-end process flow and identify non-value-added activities
16:00 – 16:15	Break		
16:15 – 17:00	Identifying Operational Challenges	Facilitated discussion: “Where is the biggest waste?”	Identify critical bottlenecks, operational waste, and key improvement opportunities

DAY 2

LEAN LEADERSHIP WORKSHOP

Time	Content	Activity	Objective
8:30 – 9:00	Reflection & Alignment from Day 1	Facilitated recap and leadership discussion	Reinforce key learning points and align leadership perspectives
9:00 – 10:30	Assessing the Current State	Gap Analysis (Current State vs. Future State)	Identify critical organizational and operational gaps requiring transformation
10:30 – 10:45	Break		
10:45 – 12:00	Organization, People & Performance Management	Facilitated discussion: “Is our current structure limiting performance?”	Identify organizational, structural, and KPI-related barriers to Lean transformation
Lunch Break			
13:30 – 14:30	Prioritizing Transformation Initiatives	Initiative Prioritization Exercise (Impact vs. Effort Matrix)	Focus resources on high-impact improvement opportunities and strategic priorities
14:30 – 15:30	Lean Transformation Roadmap	Develop a 6–12 Month Action Plan	Establish a practical and aligned transformation direction with clear priorities
15:30 – 15:45	Break		
15:45 – 16:30	Leadership Commitment & Accountability	Leadership commitment exercise: each leader defines one key action	Strengthen ownership, accountability, and leadership commitment to transformation
16:30 – 17:00	Wrap-up	Alignment discussion and implementation planning	Confirm post-workshop priorities, ownership, and next-step actions

LEAN PRACTICAL FOR LINE SUPERVISORS

DAY 3

Time	Content	Activity	Objective
8:30 – 9:00	Introduction to Lean Thinking	Facilitated discussion: “What operational challenges do we face in daily work?”	Create awareness of how Lean addresses real business and operational issues
9:00 – 10:00	Understanding Lean Fundamentals	Interactive brainstorming session using the 5WH approach	Build a simple and practical understanding of Lean concepts and principles
10:00 – 10:15	Break		
10:15 – 12:00	The 5 Lean Principles	Case study review and facilitated group discussion	Understand how Lean principles improve process flow and customer value
12:00 – 13:30	Lunch Break		
13:30 – 15:00	Identifying Waste in Daily Operations	Lean Simulation Exercise	Develop the ability to recognize waste and inefficiencies in operational processes
15:00 – 15:15	Break		
15:15 – 16:15	The 8 Wastes (DOWNTIME)	Discussion session with practical workplace examples	Strengthen the capability to identify and categorize operational waste
16:15 – 17:00	Workplace Observation (Gemba Awareness)	Workplace observation exercise / simulation video review	Develop problem awareness and the ability to observe operational abnormalities at the workplace
16:15 – 17:00	Workplace observation (Gemba)	Real observation / simulation video	Start “seeing problems”

LEAN PRACTICAL FOR LINE SUPERVISORS

DAY 4

Time	Content	Activity	Objective
8:30 – 9:00	Day 1 Review & Reflection	Participant sharing and facilitated discussion	Reinforce key learning points and operational insights from Day 1
9:00 – 10:30	Waste Identification at the Workplace	Gemba Walk – Waste Hunting Exercise	Develop the ability to identify real operational waste and workplace problems
10:30 – 10:45	Break		
10:45 – 12:00	Waste Analysis & Root Cause Understanding	Team-based workplace discussion and analysis	Identify root causes of operational waste and process inefficiencies
12:00 – 13:30	Lunch Break		
13:30 – 14:30	Introduction to Kaizen Thinking	Facilitated explanation with practical examples	Build understanding of continuous improvement through small-step Kaizen activities
14:30 – 15:30	Selecting Improvement Opportunities	Team exercise: identify 1–2 quick-win initiatives	Prioritize practical and achievable improvement opportunities with immediate impact
15:30 – 15:45	Break		
15:45 – 17:00	Kaizen Action Planning	Draft a Single-Point Kaizen implementation plan	Prepare teams for practical workplace implementation and follow-through

LEAN PRACTICAL FOR LINE SUPERVISORS

DAY 5

Time	Content	Activity	Objective
8:30 – 9:00	Review of Improvement Plans	Team alignment and implementation briefing	Align teams and prepare for Kaizen implementation activities
9:00 – 11:30	Kaizen Implementation at Gemba	Hands-on workplace improvement activity	Apply Lean and Kaizen concepts to achieve practical operational improvements
11:30 – 12:00	Improvement Result Review	Measure and compare before vs. after conditions	Visualize immediate improvement impact and operational benefits
12:00 – 13:30	Lunch Break		
13:30 – 14:30	Kaizen Reporting	Develop a structured Kaizen improvement report	Standardize and document improvement outcomes and learning points
14:30 – 16:00	Team Presentation to Leadership	Team presentation of implemented improvements	Share improvement results, lessons learned, and operational impact
16:00 – 16:30	Leadership Feedback & Recognition	Q&A and recognition session	Reinforce engagement, ownership, and continuous improvement motivation
16:30 – 17:00	Action Planning & Closing Session	Define next steps and leadership commitments	Ensure sustainability and continuation of improvement activities after the workshop
